SUMMARY

Recent B.Tech Computer Science and Engineering graduate with foundational knowledge of Java, full-stack development, and cloud computing. Hands-on experience with React, JavaScript, MySQL, and MongoDB through academic projects. Certified in Microsoft Azure (AZ-900) and Oracle Cloud Infrastructure, with familiarity in AWS. Eager to contribute as a Cloud Engineer, Software Developer, or Java Developer while continuously enhancing skills in Java, DevOps, and cloud technologies.

EDUCATION

Alliance University

Bachelor of Technology in Computer Science and Engineering (CGPA: 8.0/10)

Sept 2022 – May 2026

Bengaluru, Karnataka

Mathrusri Junior College

Intermediate (Percentage: 65.4%)

June 2020 – May 2022

Guntur, Andhra Pradesh

Narayana School

Secondary Education (Percentage: 98.33%)

March 2020

piduguralla, Andhra Pradesh

COURSEWORKS / SKILLS

- Cloud Computing
- Microsoft Azure
- Amazon Web Services (AWS)
- Web Development
- CI/CD
- Security in Cloud Computing
- OOPS Concept

TECHNICAL SKILLS

- **Programming:** Java, Python, JavaScript, Data Structures & Algorithms
- **Frontend & Backend:** React.js, HTML, CSS, Node.js, REST APIs
- **Databases & Cloud:** MySQL, MongoDB, AWS, Microsoft Azure, Oracle Cloud Infrastructure
- **Tools & Concepts:** Git, GitHub, OOP, DBMS, SDLC, CI/CD

PROJECTS

1. Smart Flow The Real time traffic Management System

- Developed an intelligent traffic management system to optimize vehicle flow using real-time video analysis.
- Implemented live monitoring and data-driven traffic signal control to reduce congestion and waiting time.
- Enhanced road safety and urban mobility through predictive analytics and automated traffic decisions.

2. Sales Performance Dashboard (Python, Pandas, Power BI, Excel)

- Cleaned and prepared 100k+ sales rows using Pandas for accurate analysis.
- Performed EDA to find top products and key sales trends.
- Built a Power BI dashboard with KPIs, regional revenue, and monthly insights.
- Proposed stock and price changes driving a projected 5–10% inventory turnover increase.

3. Online Exam Registration System

- Developed a user-friendly web interface for students to register for exams efficiently.
- Designed responsive forms and validation mechanisms using React for seamless user experience.
- Managed exam schedules and user data through structured component-based architecture.

EXTRACURRICULAR

- Participated in Techathon, Alliance University
- Flipkart GRiD 6.0 – Software Development Track Participated in Level 1: E Commerce & Tech Quiz organized by Flipkart under the Software Development Track. (Conducted by Alliance University)
- HP LIFE - AI for Beginners Completed an online course by HP Foundation covering key AI concepts, applications, data relevance, and ethical implications.

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900) – Microsoft – July 2025
- Google Cloud Computing Foundations From NPTEL
- Cisco AICTE Virtual Internship Program 2024 (Cisco)
- Oracle Cloud Infrastructure Certified DevOps Professional -August 2025
